

BOSS DESIGN

Character name: GOD

Ref Image:

Description: We all have god believe in god or we don't. Well what if he turns on us. This is the final boss for every human life I could think of. When We Speak of God Almighty, we always believe him to highly moral and always kind to being but what if it turns on us. Change what we believe about him. We all have our own God To be Believe and I don't need to explain what god's personality is.

Story: Well One Fine Day, Naïve Human Tried mocking the almighty believe he is far superior than which he was up to some limit. But When he challenged the God. Had his little army. He sent up his army on this Naïve human. This is where all humanity turned against their god and joined him. And this Human Was Called Upon as Earth. Earth was reborn.

Animation: When we talk about what our Boss Or God can Do, List Never ends well it shouldn't. But Even Infinity was defined and it's just god,

What God can do basically:

1. Fly around

2. Teleport to where ever it wishes
3. Punch and Know all types of fighting arts
4. Can Heal in long time (not very good at it never practiced it)
5. Can Shoot Energy Blast and can equip almost all weapon
6. Good at making illusions
7. Able to make multiple copies
8. Hide in plain sight

Weapons: There is no weapon he can't equip but even god has little ego. So, He keeps his ego when it comes to humanly weapon. He does own some of those godly weapons.

Melle Weapon: Trident.

Ranged Weapon: Energy Blast

Special Weapon: Weapons Far Powerful Than Nuclear Weapons Capable of Destroying Whole Planets and Universe. Never Used it. It's Called Cheax.

Boss Army: Well it has little minions who follow his order blindly but all humanity by side of Earth, he has very few by his hands, they are soulless, undead beings. -- When it comes to God it has second to very few beings around him all capable of much than any human alive but nothing to god.

GOD Weakness: Well Certainly God is Immortal so can't be killed but when it comes to god, he can be blinded by weapon of mass faith and spirituality. I know when I say this stuff it's irony to god. But only what you believe starting to fail. You lose. This is how we can win against god.

Arena: Well God Never worked for itself always had human by side, but with them gone and nothing to keep his realm to its fullness, everything so beautiful and fascinating starts to rumble. And then this is where Earth campaign to god's defeat.

Reward: What's Bigger Reward than Defeating God with just bare hand and taste of his own medicine. Owning the God and above all Satisfying hyman ego through ages.

Audio: Hymen And Godly Prayers in Relm of God.

HUD: Health bar and Weapon of Engagement.

Note: Lot of things Are not precise and inaccurate end form of god would be truly Divine and earth would be reborn out of god's soulless body.
